TEACHER TRAINING CLASS OPENS TONIGHT

Dr. Frank W. Collier of Washington Is Lecturer

UNDER Y. M. C. A.

Ladies Auxiliary of Y. M. C. A., to Give First Social of New Year Saturday in Westminster Building.

The teacher training class conducted by the Y. M. C. A. and Alexandria Sunday School Association will meet in the first session at the M. E. Church South this evening at 8 o'clock, with Dr. Frank W. Collier, of the American University, of Washington, lecturer.

The class will meet in the Sunday school room of the church and this evenings' session will be open to the public without charge. The class will meet weekly on Tuesday evenings and will continue for ten weeks and is being conducted in the interests of the Sunday school workers and in fact all religious leaders.

Warren L. Moody, superintendent of the Second Presbyterian Sunday school and president of the Alexandria Sunday School Association says that the course is invaluable for all Christian workers and urges that no one miss the opportunity of enrolling in the class tonight. A nominal fee is charged for those taking the entire course.

Mr. Moody will be in charge of the opening session this evening and will introduce Dr. Collier and be ready to answer any questions that may be asked regarding the course.

The Ladies' Auxiliary of the Y. M. C. A. announces the first community social of the year at the Westminster Building Saturday evening at 7.30. The social is to be one of the series of such events that were begun last fall and cotinued until the holidays, when they were discontinued until the 8th of January.

The social Saturday evening will be devoted principally to games and a general good time and some new games will be introduced, although the deck shuffleboard and indoor quoits, which were so popular in the past socials will be continued. The Ladies Auxiliary is planning to stress especially the interdominational features of the socials and every effort will be made to make them distinctly community affair.

The public is invited to the socials and the refreshments will be free and the hours are from 7.30 to 10 o'clock.

Taken To New Haven

Man Who Admits Theft of Auto Carried Back Today

Detective Sergt. Canton of New Haven, Conn., arrived here today and took in custody a man giving the name of Leonard Rossman who the police say confessed to theft of an automobile in New Haven.

The man was arrested here Sunday by Policemen Durrer and Magner and the machine recovered. The owner of the machine also arrived here and carried it back to New Haven.

The General Realty Corporation has sold to John F. Maury of Washington forty-five lots in Rosemont and Mr. Maury has transferred the lots to Percy W. Pickeford and Andrew D. Porter.

Banner From Belgium

Now on Altar at St. Mary's Church, And Has Been Placed in the Sanctuary

The handsome banner of the Immaculate Conception, which was made in St. Nicholas, near Antwerp Belgium, by order of Rev. Louis E. Smet, pastor of St. Mary's Catholic Church, during his recent visit to his home city in Belgium, has arrived and has been placed in the sanctuary near the Blessed Virgin's altar.

The background of the banner is of garnet velvet. In the center is the figure of the Virgin Mother, which is artistically worked in blue silk and gold. Surrounding the figure are numerous designs in the center of which are precious stones.

A handsome gold cross surmounts the banner.

The designer who made the banner has been awarded a number of medals and was decorated by the Belgian Government for his wonderful artistic creations.

Funeral Friday

Rites For P. F. Gorman to be Held At St. Mary's

The funeral of City Tax Collector Patrick F. Gorman, who died yesterday morning at his residence, 224 South Lee street, will take place at 9.30 o'clock Friday morning from St. Mary's Catholic Church. Members of R. E. Lee Camp, Confederate Veterans, Knight of Columbus and city officials will attend the obsequies. Burial will be in St. Mary's cemetery.

In the article in yesterday's Gazette it was stated that Mr. Gorman was first elected tax collector in 1887. This was an error and it should have been 1889 and he only had opposition once during his term of thirty-one years in office.

Whisky Supply Here Has Dwindled Much

Baltimore, Md., Jan. 4.—More than one-third of the 4,000,000 gallons of spirituous liquors in bonded warehouses in Maryland on April 1, 1920, when the first withdrawals under the dry law were made, have been released from bond. Lewis M. Milbourne, Deputy Internal Revenue Collector, yesterday said 1,328,693 gallons had been released.

The figures also revealed that there was a marked increase of withdrawals in December, preceding the Christmas holidays, when 112,364.67 gallons were taken out of bond. Little of this liquor was used in Baltimore, apparently, the greater part being sent to Philadelphia and New York.

Two new liquor rulings, both of which are intended as additional curbs on distillers and wholesalers, were received yesterday by Prohibition Director Richard S. Dodson from Paul F. Myers, acting commissioner of Internal Revenue, at Washington. One limits the transporation of whisky, the other regulates the sale of alcohol.

IDLE ATTACK LONDON POLICE

London, Jan. 4.—Several thousand unemployed men last night stormed the Islington Library, from which they had been ousted the day after Christmas, but were driven away after a fight with mounted and foot police in which the latter made repeated charges.

When the mob reached the library and found it guarded by a large police force, most of them marched away but the others remained behind and made desperate efforts to seize the buildings. Many arrests were made. It was said that a number of persons in the mob carried firearms, but there was no report of any firing. The library had been seized a fortnight ago without any resistance, but the occupants were driven out later.

O. F. A. Meeting

Officers to be Installed Friday—National Officers to Attend

Alexandria Council, Order Fraternal Americans, will on next Friday evening, confer the degree of the order, upon several candidates. The semi-annual installation of officers will take place. A number of prominent members of the order, including several national officers, will be present. At the conclusion of the councils session, a supper will be served. It is expected there will be a large turnout of the members.

ERRANT GIRL FINDS HOME LIGHT STILL BURNS FOR HER

Mineola, L. I., Jan. 4.—A light has been burning in an empty room and a place at the dining table has been set regularly at the home of Mr. and Mrs. Jas. Voorhis, at Roosevelt, L. I. A year ago their pretty granddaughter, Gladys Voorhis, 16 years old, disappeared. At the same time Frank De Mott, said to be married and the father of three children, vanished. Likewise, the police charge, did two automobiles.

INROUSH OF ALIENS MAY BE HALTED

Italy Suspends Issuing Passports to America Senators Are Told

TO JOIN AGREEMENT

Employers Plead For Continuance of Influx, Deploring U. S. Labor Sentors are Gratified

Washington, Jan. 4.—Ultimate solution of the immigration question through diplomatic agreement rather than through separate legislative action by various governments was forecast today at hearings of the Senate Immigration Committee on the Johnson bill to impose ten months' restriction on immigration to the United States.

Senator Colt, of Rhode Island, chairman of the committee made public a letter from Acting Secretary of State Davis, announcing that the Italian government voluntarily had suspended the issue of passports for the United States. The letter was presented to Secretary Davis by the Italian embassy and came as a surprise to committee members. It read in part:

"The Royal Italian government has suspended the issue of passports to subjects emigrating to the United State and will refrain from issuing such passports until informed as to the classes of immigrants desired in this country."

The offer to co-operate in the matter with the United States was received with gratification by Senators. Some expressed the belief that while it might be necessary to enact some immediate legislation to prohibit the "flood of Europeans pouring into the United States," eventually the whole question would be solved by diplomatic agreements.

Chairman Colt said "already there are indications that Czecho-Slovakia will enter into a diplomatic agreement with the United States with regard to regulating immigration. It is not improbable that other nations will do the same, if the suggestion is made that it would be agreeable to this country."

Meanwhile, the chairman said, the hearings would proceed without interruption and a bill would be reported to the Senate by the end of the week, if possible. The committee decided last night to summon Commissioner Wallis, in charge of immigration at New York, with a view to questioning him.

Miss Frances Keller, of New York, who, as chairman of the board of directors of the Interracial Council, has been associated in Americanization work among aliens in the United States for several years, will be heard tomorrow. It is probable that Secretary Morrison, of the American Federation of Labor, will testify before the hearings are concluded.

Dr. Henry W. Berg, representing the Greater New York Taxpayers' Association, who testified yesterday, charged that proponents of restricted immigration sought to "create a monopoly for American labor."

"I would never limit immigration," he declared. "I would regulate it. You will never get Bolshevism from it. No one race can predominate here."

W. H. Knox, manager of the Arizona Cotton Growers' Association, asked that Mexicans be permitted to cross the border to assist cotton growers in harvesting and other work.

The last witness heard, H. L. Flam president of the Association of Dress Manufacturers, New York, said he "was unable to get American girls to work in our shops, despite the eight-hour day."

DIVIDENDS DECLARED

At a meeting of the board of directors of the German Co-Operative Building Association No. 5, held last night the following dividends per share were declared: In the 8th Series $10, 9th $7.50; 10th, $6.00; 11th $4; 12th $2.00 and 13th 50 cents.

LIGHTHOUSES TO MARK DANGER SPOTS

Richmond, Jan. 4.—Virginia State Highways are to be made safe for travel. Sharp curves, railroad crossings and other dangerous sections of roads are to be marked with road lighthouses. George P. Coleman, State Highway Commissioner, is now completing arrangements for the installation of the lighthouses on every road embraced within the State Highway System. A few of the lighthouses have already been installed as an experiment. Hundreds of others are to be placed along the highways as soon as arrangements now under consideration are completed.

Road lighthouses are a decided innovation in properly marking danger spots in public roads. Placed so as to warn the public day and night of dangerous curves and railroad crossings, accidents on Virginia highways should be reduced to a minimum. The lighthouses will first be placed along the Washington-Richmond Highway, and in the vicinity of Newport News and Norfolk, and along other roads over which traffic is heavy.

15,000 Back To Work

Textile and Other Mills in Five Cities Resume Operations on Full Time

A sudden boom in business conditions in the East was indicated in reports reaching Richmond last night from six large industrial centers. The plants in these cities which resumed operations yesterday, or will resume this week, will give re-employment to over 15,000 persons at wages which promise to remain stable.

The city where the reopening will affect the largest number of persons is Providence, R. I., where thousands of men and women went back to their work in a number of textile mills, ending a shutdown of several weeks. The mill operators there announce an increasing number of orders daily and predict that all workers will be on full time again in a few weeks.

At Danville, Va., 5,000 persons employed in the Dan River Mills went back to work yesterday on full time. The operatives at the down-State mills had been idle since Christmas Eve. At Lynchburg, Va., 1,200 shoe workers went back to their benches and in Pittsburgh 1,500 steelmen went on full time again. A coal mine in Springs, W. Va., and another in McCar, Ky., resumed operations yesterday, after a strike which has lasted since last July.

U. S. Court Today

Waters Trial In Progress Before Petit Jury

The trial of William A. Waters and J. Benjamin Waters is in progress today before a petit jury in the United States Court for the Eastern district of Virginia, Judge Edmund Waddill presiding.

They are being tried on a joint indictment which charges them with conspiring to defraud the government. This case is in connection with the theft of blankets from Camp Humphreys, Va.

The accused are represented by Attorney Edmund Burke and the prosecution is being conducted by District Attorney D. Lawrence Groner of Norfolk, assisted by Assistant District Attorney Frederick G. Duvall, of this city.

The afternoon session was resumed at 3 o'clock.

The jury in this case is composed of W. T. Sansbury, Frank J. Benson, C. J. Clemons, J. C. E. George, S. M. Lomax, W. W. Wright, Robert J. Thomas, F. L. Dunn, William Swan, R. E. Acton, John G. Graham, and R. E. Knight.

Banquet Speakers

R. E. Lee Camp, C. V.'s to Honor Gen. Lee—Sons of Veterans Organize

R. E. Lee Camp, Confederate Veterans, at its meeting held in Lee Camp Hall last night, completed plans for its annual banquet January 19 in observance of Gen. Lee's birthday.

It was announced that the speakers will be Representative Charles M. Stedman, of North Carolina; Representative R. Walton Moore, of Fairfax, and Judge Samuel G. Brent, of this city.

Commander John R. Zimmerman will preside.

Following the meeting a camp of Sons of Confederate Veterans was organized and the following officers were elected: George D. Hopkins, commander; H. Noel Garner, first lieutenant commander; Conway Brawner, secretary; A. Sidney Mankin, treasurer.

Plans were discussed by the members of the newly organized camp for arousing interest and putting on a membership campaign in the near future.

BANDITS RAIDING BANK FOILED BY MANAGER

Sharon, Pa., Jan. 4.—A daring attempt to rob the foreign department of the Colonial Trust Company, Broadway and Farrell street, was frustrated by Manager I. G. Schlesinger at 12.30 o'clock yesterday afternoon.

Two foreigners, either Greeks or Spaniards, entered the bank and pointing a gun at Schlesinger, told him to throw up his hands. There was no one in the bank at the time except Schlesinger and his clerk, Miss Anna Mondich, Schlesinger disobeyed the command and secured his own gun and fired a shot at the men, who retreated from the room firing five or six shots at Schlesinger who hid behind a counter. One of the bullets broke one of the plate glass windows. When the would-be robbers reached the sidewalk they made their escape. Miss Mondich, alarmed at the shooting, took refuge behind a safe. No one was hit by the bullets. The police were immediately notified, but no trace of the men was found.

Just before the attempt was made to hold up Schlesinger he saw the two men loitering outside the bank. There were a number of people in the bank at the time and they waited until the men left before they attempted the robbery.

CARDINAL GIBBONS RESTING AFTER TRIP FROM COUNTRY

Baltimore, Jan. 4.—Attending physicians reported Cardinal Gibbons to be resting comfortably at his home late last night with little change noticeable in his condition as a result of his trip from Union Mills.

A message extending fraternal greetings and hopes for a quick recovery was received last night by the prelate from Cardinal Mercier of Belgium, with whom Cardinal Gibbons was closely associated during the former's visit to this country.

COURT ORDERS PAYMENT OF $33,000,000 TO INDIANS

Washington, Jan. 4.—Decrees by the District of Columbia Supreme Court that Secretary Payne should pay to the parents of minor children of the Osage Indians $33,000,000 accumulated bonuses on the sale of oil lands were upheld by the District of Columbia Court of Appeals. The case probably will be appealed to the United States Supreme Court.

Secretary Payne and the Department of Interior objected to making payment on the grounds that the funds were "bonuses" and not royalties, and that the payments without accounting to the Indian commission might lead to a squandering of the property of minor children.

SENATE OVERRIDES WILSON'S VETO

Pass Finance Bill Over His Head by Vote of 53 to 5

GLASS WITH WILSON

White House Says Revival Would Add Burden to Government—Would Raise False Hopes

Washington, Jan. 4.—Veto by President Wilson yesterday of the farmers' relief bill to revive the War Finance Corporation was followed almost immediately by a vote of 53 to 5 in the Senate to make the bill law over executive disapproval.

The House will take up the measure tomorrow and predictions were rampant that it would duplicate the Senate's action and thus place the bill on the statute books.

President Wilson, in a lengthy veto message, declared he withheld his approval of the bill because the War Finance Corporation was a war emergency not desirable or needed in peace times. He said that it "would exert no beneficial influence on the situation but would raise false hopes among the very people who would expect most and would be hurtful to the natural and orderly processes of business and finance."

The "solution" the President also said, would result in added expenditures and the government, he contended, should not be "called upon to finance private business."

Referring to widespread demand by the chiefs of war agencies and several of governmental influence that he "earnestly" with this view and added that "the nation should mend its usual business methods."

Upon reading of the veto message in the Senate, Senator Underwood, of Alabama, Democratic leader, urged its immediate consideration, for which unanimous consent was secured by Chairman Greene, of the Agricultural Committee, which reported the bill. Senator Underwood followed with the only criticism made, declaring that figures of distress now was greater than during the war and that he felt confident of wise administration of the farm relief law that would cause no drain on the Treasury."

On the Senate roll call, twenty-nine Democrats were joined by twenty-four Republicans in overriding the veto.

Supporting the President's position were two Democrats, Senators Gerry, of Rhode Island and Thomas, of Colorado, and three Republicans, Elkins and Sutherland, of West Virginia, and Keyes of New Hampshire. Senator Glass, Democrat, of Virginia, and Edge, Republican, of New Jersey, voted against overriding the veto but withdrew their votes on account of having pairs. Senator Penrose, of Pennsylvania, a Republican leader, was paired, but announced that he would have voted to sustain the veto.

The President's message also was read in the House. Representative Mondell, of Wyoming, Republican leader announced later that it would be taken up tomorrow at the opening of the House but without any definite arrangements for a vote. Advocates of the bill, however, expressed confidence that the House also would vote to enact the bill despite the veto. The House passed the bill by a vote of 212 to 81 or much more than the necessary two-thirds majority. Many of the negative votes were cast by Republicans.

Before the President's message reached the Senate today, Senator Harrison, Democrat, of Mississippi, a friend of the legislation, criticised Secretary Houston, declaring that the Treasury head, according to newspaper reports, had advised presidential disapproval of the bill without indicating such action when Mr. Houston was before congressional committees.

Senator Edge issued a statement last night declaring that the President's arguments against the bill were "absolutely unanswerable." By issuing bonds, the Finance Corporation, Senator Edge said, would adversely affect the present financial and economic situation without any direct resultant good to producers.

WAKE UP ALEXANDRIA!

Washington has waked up to the fact that probably 100,000 visitors will throng the city during the first week of March to witness the inaugural. When the Knights of Columbus unveiled the big Columbus memorial, not long ago, one man worked with such good results that he provided for 20,000 visitors among the private homes of the city. Now, Washington proposes to utilize all the citizens' and other associations in the work of providing for the overflow. Hundreds of rooms in the hotels and boarding houses of Baltimore have already been engaged ahead for the inauguration ceremonies. We suggest that Alexandria get busy along the same lines. Only a half-hour from the nation's capital it is in reality but a suburb. Motor bus, electric line and steam railway furnish transportation almost as convenient as the city's trolleys. If Alexandria got but one per cent of the visiting crowds, this would mean a thousand visitors, each spending not less than twenty-five dollars in our city. We respectfully suggest to the esteemed Chamber of Commerce that it find ways and means of advertising Alexandria to the nation at large as the most desirable and convenient stopping place for visitors to the nation's capital during inauguration week.

SECRETARY DANIELS AND THE NAVY.

Secretary Daniels is right and deadly right in insisting that the United States must have a navy equal to any in the world, unless the agreement for disarmament is universal. History for the past two years has been a kaleidoscope. The friends of the armistice of 1918 now look askance at each other. France, England, Bolshevikist Russia, Japan, Germany—they trodden a dance the mazes of which are incomprehensible. The partners seem to change with each measure. Who knows what tomorrow will bring forth? Next year what friends will the United States have—what foes? One thing is certain, the United States with a powerful navy is her own best friend. In ordinary affairs it is frequently the unexpected that happens. In world-affairs the unlooked for, the apparently impossible, has more often than not burst like Vesuvius into sudden and dire eruption. The nations laughed at war in June, 1914. In July the world was aflame, with civilization at stake.

Secretary Daniels is right and deadly right! The United States must have a navy equal to any in the world!

CARDINAL GIBBONS

The health of the beloved and revered Cardinal Gibons is a matter of concern to Americans the country over. Of all the men of God no name stands higher than his in the United States, Regardless of creed, he has always been among the foremost in his advocacy of morality, of patriotism, of social ethics, of all questions that pertained to the welfare of the great masses that make up the citizenship of the country. And today men of all creeds and religious beliefs pray that he may be spared as a shining example of righteousness and holy living.

CHAMPAGNE FOR GERMANY.

The news came by cable yesterday that Berlin's profiteers spent over 250,000 marks, normally $30,000, for champagne and feasting on New Year's day in one hotel alone. The same tables bring news almost daily of the starvation and suffering among the poor. American money is even now being sent by thousands of dollars to feed the hungry little children of Germany. Her lesson is evidently not yet learned. She is still attending that dearest of all schools whose only teacher is experience.

Gompers Leaves For Pan-American Labor Meet

Washington, Jan. 4.—Five American leaders left Washington Monday for Mexico City where on January 10 will be held the annual meeting of the Pan-American Federation of Labor.

Among those making the trip are: Samuel Gompers, president of both the American and the Pan-American Federations of Labor, D. T. Tobin, of Indianapolis, treasurer of the American Federation of Labor; and John P. Frey, of Cincinnati, editor of the Moulders' Journal.

The object of the convention in Mexico City will be to bring about better labor conditions for workingmen in Mexico and South American republics.

HOLDS UNIONS LIABLE
Supreme Court Rules Secondary Boycott Violates Law

Labor unions or their members are accountable under the antitrust laws where they depart from their "normal and legitimate objects and engage in an actual combination or conspiracy in restraint of trade," the Supreme Court held yesterday in an opinion on which it divided six to three.

The court reversed lower court decrees dismissing the application of the Duplex Printing Press Co., of Battle Creek, Mich., for an injunction restraining Emil J. Deering and William Branley, as business agents of the International Association of Machinists from continuing a so-called secondary boycott.

This was described by the court as "a combination, not merely to refrain from dealing with complainant or to advise or by peaceful means to persuade complainant's customers to refrain (primary boycott), but to exercise coercive pressure upon such customers, actual and prospective, in order to cause them to withhold or withdraw patronage from complainant through fear of loss or damage to themselves should they deal wit hit."

Labor leaders of prominence declined to comment on the decision of the court which is the first to be given on what President Gompers of the American Federation of Labor has described as "labor's Bill of rights." At the headquarters of the International Association of Machinists it was said that all of the officers were out of town.

NEGRO SENTENCED TO DIE WARNS FELLOWS OF FATE

Lynchburg, Va., Jan. 4.—John H. William, alias Slim the Negro, who murdered Police Detective Mann here in March, was sentenced in the Corporation Court by Judge Christian yesterday to electrocution March 5. The negro was brought early today under Supreme Court mandate from Richmond, where he had been confined since last June.

Asked if he had anything to say, Williams, addressing himself to negroes assembled in the courtroom, warned them to profit by his experience and especially not to carry weapons. Williams is to be returned to Richmond, leaving here at 2 o'clock tomorrow morning.

Governor Davis is considering a petition to commute the sentence to life prison term.

Mann Warns Harding Re-Election Depends Upon Strict Economy

Washington, Jan. 4.—In a brief but caustic speech in the House yesterday Representative James R. Mann, of Illinois, former Republican floor leader, predicted that unless President Harding insists upon an "economical administration" he will not be returned to the White House.

The extravagances, of the officials of the present Administration, Mr. Mann said, had made Mr. Wilson the most hated man the United States has seen in years."

Discussing the Sundry Civil bill, which carries appropriations many millions less than the estmates submitted for various Government departments and agencies, Representative Mann said:

"I hope the next Administration will be, at least, less wasteful, less extravagant in all branches of the Government than the present Administration is admitted by everybody to be."

Alimony Wallpaper Is Latest For Wives

Atlantic City, Jan. 4.—Alimony wall-paper is the latest word in wall adornment for wives living apart from their husbands, according to testimony given in the maintenance suit brought by Mrs. Jose G. Cavileer against Walter K. Cavileer, a realty broker.

In affidavits read to Vice-Chancellor Lemming Cavileer declared that his wife had pasted the unendorsed checks he had sent her for support on the living-room wall. He also declared that his wife had forced him to leave his home by her cruel treatment and exhibited photographs of himself as wearing a black eye taken the day following a "meeting" between them.

He alleged that she knocked him down on a sofa in their Ventnor home sat on him and punched him in both eyes. He says that he "fled from her in fear of his life."

PLIGHT OF EUROPE'S CHILDREN STAGGERS

3,500,000 Facing Starvation Can Only Be Saved by America's Response to Joint Appeal.

It is utterly impossible for one who has not actually seen the misery of the early Autumn in Europe to visualize what the children of the Eastern and Central portions of the continent face this winter. To say that 3,500,000 children have no alternative to starvation or death from disease except American aid, is startling, but independent observers by the score and careful scientific surveys of the economic and crop conditions overseas brand the figure as conservative.

In Poland, for instance, there are 1,308,000 youngsters last year subsisted almost entirely on the one free American meal a day that they received, conditions as winter closes down, are worse than ever before. The Bolshevik invasion stripped large portions of the country of all grain. Professor E. D. Durand, Food Advisor to the Polish government, after an exhaustive survey, has reported that only forty per cent is available of the food necessary to carry the population through the winter.

In the city of Vienna tests conducted in the American Relief Administration food kitchens showed that 52 per cent of the children between the ages of 6 and 14 were "seriously under-nourished." Thirty-three per cent were markedly under-nourished, 11 per cent were slightly subnormal and only 4 per cent approached the state of a normal American child. The American Relief Administration is feeding 300,000 Austrian children every day now, and there is no chance of diminution of need before next harvest.

The spectacle of the medical needs of Europe's children is equally appalling. Estimates reaching the American Red Cross as to needs for medical service in the destitute areas this winter include: Old Austria-Hungary, 750,000; new Poland, 1,500,000; Czecho-Slovakia, 250,000; Serbia, 150,000, and Roumania, 100,000. In the fiscal year of 1919-20 the Red Cross has reached with the veritable gift of life 1,500,000 children in the affected areas. Tuberculosis is prevalent in a terrific degree. Five children out of seven in the city of Warsaw, for instance, have been found to be tubercular. Typhus is widespread; rickets, the right hand of under-nourishment is almost universal, and cholera lifts its grim head constantly in one place and another.

The European Relief Council, comprising the American Relief Administration, the American Red Cross, the American Friends Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A., seeks $33,000,000 with which to meet the situation. It has estimated that at least $23,000,000 must be had for food and $10,000,000 for medical service to avert absolute disaster among the three child children. Checks may be sent to your local committee or to Franklin K. Lane, Treasurer European Relief Council, 42 Broadway, New York, or to the Child Feeding Fund, Literary Digest, New York City.

Wall Street Deluged With Optimism

New York, Jan. 4.—Wall Street was greeted with a deluge of optimistic statements by various leaders of finance and industry over the holiday. It came down town prepared to buy stocks, with a result that gains of 1 or 2 or more points were common at the opening. Thrifty traders who bought stocks last week took advantage of the high opening to "cash in" paper profits. The selling generally was all absorbed during the day, and in the afternoon the market turned decidedly strong closing at about the best figures.

Wife Must Keep Prenuptial Pact Waiving Fortune

Washington, D. C., Jan. 4.—Mrs. Addis H. Snow, wife of Chester A. Snow, millionaire patent attorney, of Woodside, Md., according to a decision of the Court of Appeals yesterday must live up to a prenuptial agreement between herself and Snow, whereby she waived her dower rights in his estate for a consideration of $30,000.

The court held that this agreement was valid and had been entered into by Mrs. Snow in a competent manner.

WIDOW TO WIN $7,000,000
Court Rules Sielcken, 'Coffee King,' Was Naturalized American

San Francisco, Jan. 4.—A decision which is expected to result in a return of the $7,000,000 estate of August Sielcken, in New York to the widow of its founder, Mrs. Clara Sielcken, following its seizure by the alien property custodian during the war, was handed down in superior court here today.

The court held that Sielcken, known as the 'coffee king," had been proved to have been naturalized in California. Duplicate papers made out are to be issued and delivered to his widow. Mrs. Sielcken then plans to demand return to her of his estate in this country. Sielcken died in Baden, Germany, in 1916. His executors seeking to claim the estate, asserted his certificate of naturalization had been lost in a shipwreck in 1877. Sielcken settled in California in 1867 and spent some years here before moving to New York.

COX REVIEWS ACTS IN LAST MESSAGE

Columbus, Ohio, Jan. 4.—Governor James M. Cox in his final message to the Ohio legislature, yesterday reviewed the accomplishments of his administration and made numerous recommendations for the future conduct of the State.

The message was read to the first session of the eighty-fourth general assembly after its organization yesterday.

The three most important reforms made during his administration, the governor declared, are the judicial system; remaking of the rural school code and the compulsory workmen's compensation act.

The budget system aided by State departments living within their incomes has given the State a cash balance of $9,011,182.93 at the end of the fiscal year, or $1,000,000 more than any previous administration the message declared.

OPPOSES BAR TO ALIENS

New York, Jan. 4.—There is a great deal of exaggeration about the volume of immigration at present, General Coleman du Pont, chairman of the board of directors of the Interracial Council, declares in a statement.

"What is needed," he said, "is to see to it that those actually arriving are desirable and whether we are getting the kind of immigrants who will contribute to the upbuilding of the country."

Enactment of restrictive immigration, he added, is being sought in the United States through a revival of the "old dread of the alien and an open hostility resembling the 'know nothings' of a little over a half century ago." He said the immigration bill adopted by the House and now before the Senate, fails to apply scientific principles to immigration. "A campaign of hatred and hostility to the foreign born is under way, he asserted, and it is making Americanization efforts almost futile.

WEALTH OF U. S. GROWING

The United States at the close of 1920 had a balance of trade in its favor of at least $2,722,955,003, the Department of Commerce announced yesterday. Exports for the year, the department said in a statement, will probably total $8,191,008,468, while imports for the year will amount to at least $5,468,053,460.

Exports for December, it was said, would probably exceed $675,000,000 and imports would be in excess of $320,000,000.

N. Y. 'DRY' OFFICER HELD IN MONK EASTMAN KILLING

New York, Jan. 4.—Jeremiah Bohan, who surrendered himself to the police yesterday was held for examination in connection with the killing of "Monk" Eastman, former convict.

According to Inspector Coughlin, Bohan admitted he shot Eastman after they had quarreled in a cafe here. Bohan said he was an Internal Revenue Collector.

Joseph Pole, known as "Joe the Pollack" surrendered with Bohan. The two presented themselves before Capt. Daniel Carey in whose precinct the shooting occurred a week ago Sunday. They said they had come to answer any questions that might be asked.

SPORTS

BASKETBALL TONIGHT

The Capitol Silents, composed of former Gallaudet College athletes, who recently defeated the K. of C. quint of this city, will visit Alexandria tonight stacking up against the Dreadnaughts team, in what should be one of the snappiest games of the season. The "Dummies" are considered to have one of the fastest teams in the District, and play a remarkable fast and clean brand of basketball. The wearers of the big "D" expect to put up a good exhibition against the visitors, and Captain Hayden will have the following well known local men present: Beaton, Alexander, Hasson, Dreifus, Roberts, Crouch and Hayden.

Time of game, 8:15 p. m. Place, Armory Hall. Admission 25 cents. Encourage home athletes and sports in general by giving your support and presence to these games; the "boys" will give you a first class exhibition of the indoor sport.

The Destroyer's A. S. basketball five will meet the A. H. S., tonight at 7 o'clock. A good game is expected.

Employes Get Steel at 81

New York, Jan. 4.—The United States Steel Corporation yesterday announced the price at which its employes may purchase stock from it as $81 a share as against 106 last year, when between 50,000 and 60,000 shares were available. The amount which may be bought this year was not announced. Steel opened on the stock exchange yesterday morning at 81 1-8.

45 SAVED OF 200 ON SHIP

Madrid, Jan. 4.—From the wreck of the Spanish steamer Santa Izabel there are only 45 survivors so far as is known, and the remainder of the about 200 passengers and crew of the vessel which went ashore Saturday night on the coast of Villagarcia are believed to have perished

NAVY STOPS RECRUITING; HAS ALL MEN IT NEEDS

Washington, Jan. 4.—Recruiting for the anvy has been suspended temporarily it was learned at the Navy Department last night. All new enlistments have been prohibited, and only re-enlistments of men now in the service are authorized.

It was said at the department that the strength of 132,000 men reached several days ago, was the maximum possible under the appropriation of Congress. If the figures fall much below that mark, recruiting will be resumed, it was added.

WIFE HEARS SHOT; FINDS HUSBAND DEAD ON PORCH

Petersburg, Jan. 4.—Worry of supposed financial difficulties is believed to have been the cause of John Frederick Drewry, 39 well-known citizen taking his life last night at his home 462 Byrne Street, by firing a bullet through his brain without warning.

His wife and four small children were in an adjoining room at the time. For the past several months he had been in depressed spirit and several times talked of ending his life. No inquest will be held in the death, Coroner McGill, after viewing the body, holding that it was a plain case of suicide.

Having been in a melancholy mood the entire day, Drewry left his family shortly before 7 o'clock last night and walking to the back porch sent the bullet through his brain. His lifeless body was found by his wife when she ran to the door after hearing the shot.

Drewry took his life on the thirteenth birthday of his oldest son. Funeral services will be held tomorrow morning at his grave in Blandford Cemetery.

DICK DIES IN NEW YORK OF ACCIDENTAL SHOOTING

New York, Jan. 4.—Julian Dick, cotton broker, died yesterday from a pistol wound received accidentally during a New Year celebration at his home early Saturday.

George Bruce Brooks, a close friend of Dick, and the man who fired the shot, has been completely exonerated by Dick's father, Frank M. Dick, and others who witnessed the shooting. The accident occurred when Brooks picked up an army pistol and toyed with it just as he was leaving Dick's home. Brooks and Dick had served together as captains of artillery in France.

Lounge-Lizards And Tea Hounds Flayed in 'Dent's'

Cleveland, Jan. 4.—Warning against the "tea hound" was issued by Rev. H. S. Fitsch, pastor of the Hough Avenue Congregational Church here in his ten commandments for young men.

The Rev. Mr. Fitsch leads off his list with the injunction:

"Thou shalt not be a tea hound; neither shalt thou be a lounge lizard."

It is not the tea drinking that he objects to, but the idleness and its attendant ills, he said.

The other striking commandments are:

"Thou shalt not be a weak sitter; thou shalt not sow wild oats; thou shoult not wear soiled collars and cuffs; thou shalt not have any graven images of actresses, movie stars nor former sweethearts in thy possession, and thou shalt not be a quitter."

INGOMAR THEATRE

The Ingomar Theatre announces Mary Miles Minter in "Eyes of the Heart" for tonight. It is the story of a young girl whose great faith in life took her through the land of shadow whose gloom only the eyes of the heart can penetrate, out into the sunshine of restored sight and love. The plot is strong and intense, and proves that beauty and nobility of character, loyalty and devotion, are to be found in very humble and commonplace persons.

Mary Pickford in "Suds," will be shown again tonight at the Richmond Theatre.

PRISONERS TELL OF VAST WHISKY RING

Chicago, Jan. 4.—A nation-wide whisky ring, backed by prominent persons, including Federal officials and a representative in Congress, and with headquarters in Chicago and Jersey City, New Jersey, has been revealed through the arrest Friday of John Costello and James Shea, of New York, according to Frank D. Richardson, Federal prohibition enforcement officer for the central district.

Costello, according to Richardson, confessed to ramifications of the ring, and gave the Federal official many names. He also revealed a code used by whisky runners. In the man's hotel room, it was said, were found rubber stamps of the signatures of Ralph W. Stone, prohibition enforcement officer for Illinois, and W. F. Vanmater, enforcement official for New Jersey.

The men were taken before United States Commissioner Mason and held in bonds of $10,000, which they were unable to furnish.

According to Mr. Richardson, Costello confessed forged permits had been used in withdrawing thousands of gallons of whisky from bonded warehouses in Kentucky, Pennsylvania and New York. Blank permits were found on the men, officials said.

The code used by the men in the alleged ring, Mr. Richardson said, included a large number of words, so that seemingly ordinary messages meant something entirely different than what was said. Mr. Stone was designated by the word "storm." Collector of Internal Revenue Harry W. Meager was known as "delay," while "flour" meant distillery. Mr. Richardson himself was known as "clot."

Mr. Richardson said he had asked New York authorities to search the offices of Shea at 1416 Broadway.

Letter Makes Threat to Burn City Unless Work is Provided

Wilmington, Del., Jan. 4.—Mayor Taylor yesterday turned over to the police a letter which threatens burning of the city unless steps are taken to provide employment for the thousands who are out of work here.

The letter was addressed to the mayor and signed "willing to work". The writer said he and his associates would start a campaign of incendiarism unless an answer is returned through the newspaper within three days.

GUY BOLTON and P. G. WODEHOUSE
Directed by
MAURICE CAMPBELL
Scenario by
EDITH KENNEDY

BALKY CAR WINDOW STARTS ROMANCE

Rilla Rooke, a clever, dashing little actress, was on her way to Stonybrook Inn for a short rest. The train was warm and the window refused to open. The handsome young man in the seat just behind was obliging, and the romance began then and there. But, in spite of this splendid beginning, there were to be many windows opened and closed before the atmosphere cleared for all concerned in "Oh Lady Lady," and the adventures of Bebe Daniels, the "good little bad girl," and the rest of the people who become embroiled, will afford everyone who sees this sparkling photoplay at the Richmond Theatre many a laugh.

IT IS IMPORTANT TO SPECIFY CORBY BREAD

Because in Corby Bread you are sure of getting absolute PURITY---and the maximum of NUTRITION.

It is only half the task of making good bread to be careful and critical in the selection of the ingredients used. The method of making is most essential---and that is why no other bread is as rich in nutrients as is CORBY BREAD. Without our patented dough-mixing process it is impossible to develop the full gluten strength of the flour. But with it---plus the unusual quantities of milk used ---Corby Bread is 100 percent nutritious---indeed it is the perfectly balanced food ration.

Hero's Parents Order Casket Flag Removed

Glengary, W. Va., Jan. 4.—When the body of Adrian Hutsler, killed at Chateau Thierry, was brought home from France, his parents insisted that the Stars and Stripes in which the coffin was draped be removed, members of Martinsburg Post, American Legion say.

They also refused to allow taps to be played over the grave by the United States army sergeant who accompanied the body, it is claimed.

Members of the post volunteered to act as pallbearers, but the parents refused them permission to enter the church while the funeral was in progress.

Officers of the post are aroused over the incident, and a protest meeting is planned.

Corporal in Army, Twice Wounded He Can't Reenter U. S.

New York, Jan. 4—Because he could not read 40 words in any language, Demetrius Rabos, twice wounded while fighting in France as a corporal in the United States army, yesterday was denied readmission to America.

Failing in the literacy test at Ellis Island, and asked if he "understood" the English language, he replied:

"I understood orders in the army."

Rabos came to America in 1910, and was drafted in Philadelphia in 1918. He could have reentered the country without examination if he had returned within six months after obtaining his discharge overseas. But he went to his old home in Albania and remained fifteen months. His case has been appealed to the Secretary of Labor.

COTTON MILLS TO REOPEN

Asheville, N. C., Jan. 4.—After a prolonged vacation, the Asheville Cotton Mills, owned by the Cone interests, of Greensboro, will reopen Monday morning with a full force, Secretary M. D. Long, announced last night. The company gave all employes before shutting down Christmas bonuses from $500 down, according to the length of service.

EXPLORE DISMAL SWAMP

Norfolk, Va., Jan. 4.—Explorations by seaplane of the fastness of Dismal Swamp, which has held its secrets for centuries, has been undertaken by Charles Frederick Stanbury, author. He landed his plane yesterday on Lake Drummond, taking photographs of the swamp region, and he expects to explore parts never before penetrated by white man.

Polite Bandit Uses Gun, But Only for Loan

Hagerstown, Md., Jan. 4.—The most polite highwayman on record has been found.

Shortly after midnight, when Alvin P. Stauffer, a Harvard student, was walking along the street to his home, he was held up by a masked man who demanded, at the point of a gun, all of Stauffer's money.

He produced $75.

The robber took $50 and returned the balance to his victim, and then required him to write his name and address on a piece of paper, stating that he was hard up and was taking the money as a loan, and would return it in a short time. The robber ordered Stauffer to move on and fled.

AUTOS KILL 1,470 IN YEAR

New York State Warns of Menace of Commercial Trucks

New York, Jan. 4.—Automobiles killed 1,470 persons in New York State last year, and of these fatalities 478 were in New York City, the National Highways Protective Association announced here yesterday, comparing these figures with 1,017 automobile fatalities in the State in 1913.

Neighboring States which have laws to curb reckless driving have reduced automobile fatalities 17 per cent, the society noted.

Formerly the report stated, the pleasure car caused most of the deaths, but the commercial truck will soon pass the passenger vehicle as a death dealing menace unless drastic laws are enacted.

Dandelions, Pansies, And Icebergs Warn of Early Spring

Boston Jan. 4.—Dandelions and pansies were reported in bloom yesterday as markers of a late and mild winter, simultaneously with word that icebergs had appeared on the trans-Atlantic steamer lanes as harbingers of an early spring.

A pansy in full bloom was plucked from a garden in Natick that had been under a light snow several days ago. In Hingham dandelions were found. Mayflowers have been reported from several places.

The iceberg indication of approaching spring has been fairly dependable, old salts say. Theice invasion has reached such a point that yesterday the International Mercantile Marine Company ordered its ships to take the Southern lanes instead of waiting until February 1.

Newport News Pastors Approve Dancing Ban

Newport News, Va., Jan. 4.—A resolution indorsing the action of the local school board in putting a ban on dancing by high school pupils was adopted yesterday by the Ministerial Association.

The resolution declared that "the dance craze has proven one of the most distressing results of the world war," and that "thoughtful people on both sides of the Atlantic are moving so unitedly to oppose it that even the dance masters are advocating reform and advertising a change of policy."

FORD TREASURER RESIGNS; DISAPPROVES OF POLICY

Detroit, Mich., Jan. 4.—Frank L. Klingensmith, vice president and treasurer of the Ford Motor Company, announced his resignation yesterday, because he is not "in full accord with some of the business policies contemplated by the company."

Charles A. Bronell, advertising manager resigned Friday.

WEST VIRGINIA CAPITOL DESTROYED BY FLAMES

Charleston, W. Va., Jan. 4.—The West Virginia State Capitol was destroyed by fire late yesterday. Chas. Walker was killed and two firemen were fatally injured.

An investigation was started last night to determine the origin of the fire. Only a part of the State archives were saved.

Court for Trial of Bandits Only Formally Opened

Philadelphia, Jan. 4.—A new tribunal, to be known as the "bandits' court," was opened today at city hall. Only hold up and robbery cases, of which there have been an unusually large number the last few months, will be heard.

The court was instituted at the suggestion of District Attorney Rotan, who said that it was necessary to give quick trial to bandits, and that speedy justice would act as a deterrent to crime. Magistrates have been instructed to make immediate returns of hold ups and robberies, and the district attorney has announced that he would urge severe punishment.

One of the common pleas judges will preside.

SHE DIES BY POISON ON THIRTEENTH ATTEMPT

Chicago Jan. 4.—In the last three years Mrs. Florence Baird, wife of D. W. Baird president of the D. W. Baird Lumber Company, made 12 attempts to end her life. She had been haunted by the belief that relatives who had ended their lives were "calling."

Last night she tried for the thirteenth time—and succeeded.

Seven years ago Mrs. Baird's father drank acid and died. Previous to that her maternal grandmother and an aunt died the same way.

For three years Mrs. Baird, who was 39 had firmly believed, according to her wealthy husband, that she would die in the same manner as did her father, and other relatives. Several times Mr. Baird had prevented her from committing suicide, he said. That evening she slowly walked into the library, where Mr. Baird was sitting. She sat down. Turning to him, she said:

"It's too late to do anything for me this time. I have taken the poison in ample time. Good-by dear."

And in a short time she was dead

TRAINED MESSENGER SENT TO MEET LOST AVIATORS

Cochrane, Ont., Jan. 4.—Canadian mounted police stationed at Hailesbury announced last night that a trained messenger would be sent to meet and escort the three American naval balloonists now making their way, via dog sled, to an Ontario rail head after being missing for nearly three weeks. The officers, who found refuge at Moose Factory on James Bay, after being lost in the Canadian woods for four days are believed to be headed for either Mattice or Cochrane, on the Canadian National Trans-Continental Railway.

Barring unfavorable weather conditions the three men, who are accompanied by experienced guides, should reach the rail head Saturday or Sunday. Their progress necessarily is slow, because of the frozen and snow-swept trails and the cold weather which now registers 30 degrees below zero in that region.

With the exception of the message, which they sent by Indian runners to Mattice, from where it was telegraphed to the Roosevelt (N. Y.) Naval Air Station, no details of their flight or rescue are known here

GUNMAN KILLS PATROLMAN

Chicago, Jan. 4—Patrolman Thos. Mullen went through the thickest of it in France, dodging machine gun nests, bombs, gas and snipers' bullets, only to die at the hands of a gunman, who shot him in the back at the Lincoln Gardens Cabaret early yesterday morning.

Mullen was shot without warning. He died shortly after the shooting, despite heroic efforts to save his life. Six patrolmen had each submitted to a transfusion of their blood and on nearly tables were five others, ready to give their blood.
